

ADDENDUM - GENERIC No. 1

(C.A.R. Form ADM-GEN, 6/25)

The following terms and conditions are hereby incorporated in and made a part of the: Residential Listing Agreement, OR ☐ Buyer Representation and Broker Compensation Agreement, ☐ Team Agreement, ☒ Other TDS/SPQ, dated 06/08/2026, between David Allen Hopkins, Stacy Ann Gebhart ("Broker/Agent/Buyer/Tenant" ☐ Other _____ ("Principal 1")), and Marshall Graham Guthrie ("Broker/Agent/Seller/Housing Provider" ☐ Other _____ ("Principal 2")). The term "Housing Provider" also includes Landlord or Rental Property Owner.

Note: If the Principals intend to modify the compensation previously agreed in a listing or buyer representation agreement, use a Modification of Terms, (C.A.R. Form MT-LA or MT-BR).

Seller discloses that Seller has not occupied or regularly inspected the Property since July of 2025 and therefore has limited knowledge regarding its current condition.

To the best of Seller's knowledge, decking and railing, a mini-split heating and cooling unit and an electric stove have been removed from the Property, along with other personal property items. Seller is aware that damage to an interior wall occurred as a result of the removal of the mini-split unit.

Seller makes no representations or warranties regarding the current condition of the Property, the condition of any electrical, plumbing, mechanical, heating, cooling, or other systems, or whether any additional fixtures, appliances, components, or personal property have been removed, altered, damaged, or are missing. Seller is unaware of whether any other damage exists beyond that described above.

Buyer is advised to conduct any and all inspections, investigations, and due diligence deemed necessary to determine the present condition of the Property and acknowledges that Seller's knowledge of the Property's current condition is limited.

Solar and Septic:

When purchasing the property, the solar was there from the previous owner. I assumed the solar lease when I purchased the property. In escrow to purchase the property, the solar company removed the solar panels off of the leach field then placed and stored it on the property but it was never installed again. From day one of owning the home, I never used the solar, but did assume the lease. The solar was litigated to be taken off of the property. It took about two years after being owners of the property to complete the litigation of the removal of the the solar equipment and the solar lease off of the property.

The septic was last pumped in 2024. The septic company recommended to fix a crack caused by roots in the tank, but never repaired the tank, because it wasn't leaking.

By signing below, Principal 1 and Principal 2 acknowledge that each has received a copy of this Addendum - Generic, and each has read, understands, and agrees to its terms.
