ADDITION AND/OR AMENDMENT TO ESCROW INSTRUCTIONS

The instructions in this Escrow No. 2473532 are hereby modified, amended and/or supplemented in the following particulars only:

Manufactured Home Status. Buyer acknowledges that the manufactured/mobile home is **not currently affixed to a permanent foundation** and is **not converted to real property** through the recording of a California Department of Housing and Community Development (HCD) Form 433A (or other applicable document).

Personal Property. Buyer understands that, until a properly executed and recorded Form 433A is completed, the manufactured/mobile home is considered **personal property** and not part of the real property, which may affect future financing, refinancing, or transfer of the Property.

HCD Registration and Fees. Buyer acknowledges that the manufactured/mobile home **may be subject to outstanding HCD registration fees, taxes, penalties, or other documentation requirements** necessary to transfer ownership. Buyer agrees that Seller, Escrow Holder, and Broker(s) make no representation regarding the status or amount of any such fees or required documents.

Buyer's Acceptance. Buyer accepts the manufactured/mobile home in its current legal and registration status and agrees to assume responsibility for addressing any HCD transfer requirements, registration, fees, penalties, or related documentation that may be required after the close of escrow, unless otherwise agreed to in writing.

Future Conversion to Real Property. Buyer acknowledges that, if Buyer elects to convert the manufactured/mobile home to real property by obtaining and recording a Form 433A or any other required documentation, **all costs, fees, permits, inspections, and recording expenses shall be the sole responsibility of Buyer** after the close of escrow.

No Contingency. Buyer acknowledges that the matters addressed in this Amendment shall not delay or prevent the close of escrow unless otherwise agreed to in writing by the parties.

All other terms and conditions remain the same.

EACH OF THE BELOW SIGNED STATES THAT HE/SHE/THEY HAS/HAVE READ THE FOREGOING INSTRUCTIONS AND UNDERSTANDS AND AGREES TO THEM.

 CALAVERAS COUNTY | APN: 061-028-001-000

AB-38 HOME HARDENING, LOW-COST RETROFITS, AND DEFENSIBLE SPACE FORM

Subject Property Address / APN: 695 FEATHER DR, COPPEROPOLIS, CA 95228 / 061-028-001-000

NOTICE: If this home is located in a high or very high fire hazard severity zone and this home was built before the implementation of the Wildfire Urban Interface building codes which help to fire harden a home, in order to better protect your home from wildfire, you might need to consider improvements. Information on fire hardening, including current building standards and information on minimum annual vegetation management standards to protect homes from wildfires, can be obtained on the internet website <http://www.readyforwildfire.org>.

Fire Hazard Severity Zone Maps released by CAL FIRE can be viewed here.

SELLER, DOES THIS FORM NEED TO BE COMPLETED?

If the Property is located in a HIGH or VERY HIGH Fire Hazard Severity Zone, has 1-4 units built before 2010, and if Seller is legally required to complete a Real Estate Transfer Disclosure Statement (TDS) pursuant to CIV §1102, then Seller must complete this form and comply with AB-38.

Initial

YES

NO

IF SELLER ANSWERED "YES":

- 1) An AB-38 disclosure form (like this one) must be completed by Seller and provided to Buyer.
- 2) A Defensible Space Inspection must be scheduled. An inspection with CAL FIRE can be scheduled [here](#).
- 3) A local vegetation management ordinance may detail if the Seller must provide defensible space compliance documentation before the close of escrow, or if the parties may agree in writing that compliance documentation can be obtained by Buyer after the close of escrow. Further clarity on local ordinances may be found in Section C below, or by emailing us at orders@propertyid.com.
- 4) Seller must give Buyer written notice and information on how to harden a home against fire, a list of features on the property that make the home vulnerable to wildfires and flying embers, and a list of low-cost retrofits that Seller completed while Seller owned the property - see Sections A & B below.

A. HOME HARDENING

FEATURES MAKING HOME VULNERABLE - IF THE PROPERTY IS IN A HIGH OR VERY HIGH FIRE HAZARD SEVERITY ZONE, SELLER MAKES THE FOLLOWING DISCLOSURES:

Pursuant to Civil Code § 1102.61 Law section (ca.gov): If Seller is aware of any of the following features that may make the home vulnerable to wildfire and flying embers, Seller will check all that apply:

1. ☐ Eave, soffit, and roof ventilation where the vents have openings in excess of one-eighth of an inch or are not flame and ember resistant.
2. ☐ Roof coverings made of untreated wood shingles or shakes.
3. ☐ Combustible landscaping or other materials within five feet of the home and under the footprint of any attached deck.
4. ☐ Single pane or non-tempered glass windows.
5. ☐ Loose or missing bird stopping or roof flashing.
6. ☐ Rain gutters without metal or noncombustible gutter covers.

If the property is not in either a high or very high fire hazard severity zone, but the property is in or near a mountainous area, forest-covered lands, brush-covered lands, grass-covered lands, or land that is covered with flammable material, Seller may choose to voluntarily make the disclosures in Section A above, even if not mandated by law, because the Buyer might consider the information material.

CONSTRUCTION COMPLETION - HOME FIRE HARDENING FINAL INSPECTION REPORT: ☐ If Seller has checked this box, Seller has completed construction and has obtained a final inspection report that covers compliance with defensible space

requirements and home hardening pursuant to Gov. Code §51182, Law section (ca.gov). Seller has attached a copy of the report here, or Buyer may obtain a copy of that report at: _____

B. LOW-COST RETROFITS

Pursuant to 1102.6f (a) (2) California Code, CIV 1102.6f, and Section 51189 of the Government Code California Code, GOV 51189, Seller shall disclose which listed retrofits, if any, have been completed during the time that the Seller has owned the property. The following is a list of low-cost retrofits developed and listed by the California Department of forestry fire protection, Cal fire, and the California Governors Office of Emergency Services (OES) Low-Cost Retrofit List. More Information on Home-hardening is available at readyforwildfire.org.

If Seller has completed any of the following low-cost retrofits during the time that Seller owned the property, Seller will check all that apply and provide explanations / clarifications including if the retrofit was partially completed, or applicable to only a portion of the identified feature:

1. ☐ Roof was replaced with a Class A fire-rated roof.
2. ☐ Spaces between roof covering and sheathing blocked with non-combustible materials (bird stops).
3. ☐ Noncombustible gutter cover installed on gutters to prevent the accumulation of leaves and debris.
4. ☐ Covered chimney and stove pipe outlets with corrosion-resistant noncombustible metal mesh screen (spark arrestor), with 3/8-inch to 1/2-inch openings.
5. ☐ Installation of ember and flame-resistant vents.
6. ☐ Caulked and plugged gaps greater than 1/8 of an inch around exposed rafters and blocking to prevent ember intrusion into attic or other enclosed spaces.
7. ☐ Exterior siding inspected for dry rot, gaps, cracks, and warping. Caulked or plugged gaps greater than 1/8 of an inch in siding and replaced any damaged boards, including those with dry rot.
8. ☐ Weatherstripping installed in gaps greater than 1/8-inch between garage doors and door frames to prevent ember intrusion. The weatherstripping must be compliant with UL Standard 10C.
9. ☐ Windows replaced with multi-paned windows, with at least one pane of tempered glass..
10. ☐ Siding or deck was replaced using compliant, noncombustible, ignition resistant, or other OSFM Wildland Urban Interface (WUI) Products.
11. ☐ Openings to operable skylights covered with noncombustible metal mesh screen - openings in the screen not to exceed 1/8-inch.
12. ☐ Metal flashing (8-inch minimum) installed, applied vertically on the exterior of the wall at the deck to wall intersection to protect the combustible siding material.

Explanations/clarifications: _____

None

C. DEFENSIBLE SPACE

DEFENSIBLE SPACE DISCLOSURE - IF THE PROPERTY IS IN A HIGH OR VERY HIGH FIRE HAZARD SEVERITY ZONE, BUYER AND SELLER AGREE TO THE FOLLOWING DEFENSIBLE SPACE COMPLIANCE DISCLOSURES AND TERMS:

Defensible space and vegetation management ordinances require the clearing of flammable materials around the structure to maintain a zone of safety from wildfires and flying embers. Some cities and/or counties have local defensible space and vegetation management ordinances. For areas that do not, owners of real property must follow the State of California's guidelines requiring the owner of the property to maintain defensible space of 100 feet around the structure, Public Resources Code §4291, Law section (ca.gov). The disclosures in this Section are required pursuant to Civil Code §1102.19, Law section (ca.gov).

Sellers of 1-4 dwelling residential units (condominiums, manufactured homes, common interest developments) located in a HIGH or VERY HIGH Fire Hazard Severity Zone, where the Real Estate Transfer Disclosure Statement is required must also complete Items (1) OR (2) below:

- (1) This property is located in an area where local defensible space and vegetation management ordinances require the owner of the property to provide documentation from a qualified agency authorized to provide this documentation

Answer these questions to the best of your knowledge. If any of the questions are answered "No," your home is likely to have an elevated/disclosable earthquake risk. If you do not have actual knowledge as to whether these risks exist, answer "Don't Know." Questions answered "Don't Know" may indicate a need for further evaluation. If your home does not have the feature, answer "Doesn't Apply." If you corrected one or more of these risks, describe the work on a separate page. The page numbers in the right-hand column indicate where in this guide you can find information on each of these features.
